

# The Sunlight Paradox – The Need

**An energy and health paradox exists all over the world.**

Free, Full-Spectrum, Dynamic, Healthy sunlight outside.

fossil fuel dependent, flickering, constant, unhealthy, artificial lighting inside.

# Human Centric Lighting - Solight

**LIGHTINGEUROPE**  
THE VOICE OF THE LIGHTING INDUSTRY

## Human Centric Lighting

Lighting designed to benefit human health and well-being

There is a discrepancy between **natural** and **artificial** light with regard to **intensity, color and dynamics of light**

Human Centric Lighting(HCL) , is the leading edge technology in advanced lighting systems, creating a multi-million € market. Solight supplies an ideal HCL, energy-saving, lighting system.

Typical HCL gains in Production:

Examples of benefits
