

Latin America and Israel Innovation Authority Pilot Program Seminar

You are cordially invited to attend an information seminar to learn more about funding and pilot programs in Latin America!

June 17, 2019 | 14:00 | @ Israel Innovation Authority Offices, Jerusalem

Looking for a Smart Money Investment accompanied by an Israel Innovation Authority Grant or to test your product in a new market?

Is your company ready for market expansion into Latin America?

Come learn about the pilot programs in Colombia and Argentina! These programs provide companies with new sources of capital, R&D grants and pilot validation opportunities for Agritech, FoodTech, FinTech, SmartCity, BioTech, Energy and more.

The pilot programs in Colombia and Argentina focus on accelerating growth into the Latin America market. Applicable companies in Agritech, FoodTech, FinTech, SmartCity, BioTech, Energy should be in a stage following proof of concepts and ready for demonstration, commercialization; or at ready to market.

The seminar will provide details about the pilot programs for companies interested in applying.

For further details please contact Latin America Program Director:

Alan Hofman - Alan.hofman@innovationisrael.org.il
